Domaine Maurice Lapalus & Fils is a family-run wine estate located in the village of Pierreclos in the Mâconnais region of Southern Burgundy. The Lapalus family has been growing vines since 1937. When their son Christophe joined the business in 2000, they embarked on a major project, which included the construction of a new, spacious, modern and efficient winery.

The domaine produces several AOCs over 17 hectares: "Mâcon Pierreclos" white and red, "Pouilly-Fuissé" from a superb plot of Chardonnay sitting at the foot of the Roche de Solutré, and "Crémant de Bourgogne".
