Domaine "Vincent BOUZEREAU" is located in Meursault, the capital of Burgundy's "Grands Blancs" (fine white wines), in the Côte de Beaune. It works 10 hectares of vines in the following villages:

- Meursault - Volnay
- Auxey-Duresses - Pommard
- Monthelie - Beaune
- Puligny Montrachet
- Corton.

The Bouzereaus have been wine growers in Meursault for more than 10 generations and Vincent has naturally inherited the family know-how. Since 2012, and the division of the family estate, Vincent has been working his vineyards with his wife Aline, who is the sister of Laurent Delaunay. They have invested in a gentler winemaking process, which includes the use of gravity flow. The construction of beautiful "old-style" cellars with ribbed pillars has provided them with the space to allow their white wines to undergo a long, 18 months' ageing process.
